

Week Gone/Week Ahead Centre Academy London 3rd May 2019

SRI LANKA DISASTER

Message from Miss Maddison:

This week our biggest activity has been the residential trip to East Soar, and we have enjoyed hearing updates through the week from this group of intrepid campers. They are travelling back to London as this week's newsletter is being written and more information about their activities will be included next week.

Next week we will be hosting a parents' information event on Cybersafety. This will happen on Thursday 9th May at 4pm. Can all parents/carers contact the School Office if they would like to attend.

Monday 6th May is a Bank Holiday, so the School will be shut. However, all students are expected as normal on Tuesday 7th May.

I hope that you all have an enjoyable long weekend and I look forward to catching up with the Residential group when they are back in School next week.
Miss Maddison

The recent bombings in Sri Lanka both shocked and saddened the world over. We here at CA London were devastated to hear that a past pupil, Daniel Linsey, and his sister were killed in the attacks.

Many students who were here at the same time as Daniel have been in contact over the past two weeks to share their memories of him. The School is supporting the Linsey family's fundraising campaign in providing some much-needed care to all those effected by this tragedy. Anyone wishing to also support the campaign, can make donations through the foundation that was set up in their honour.

Our Winning House Group this week is

Falcon

well done to everyone for all their hard work this week!

Ramadan

Ramadan begins this weekend and we are aware that this may impact some of our students. If any of our fasting students would prefer a quiet room to sit at lunchtime or if students need a room for prayers, can they please speak to Mrs Yar who will coordinate this.

If any students will not be in School for Eid, please contact the School Office and let them know.

As you are aware CA London is located on one of the busiest roads in London. There are a number of bus routes on St John's Hill and each route has an average of 115 buses that pass the School daily. Given our proximity to Clapham Junction there is also a high volume of foot passengers and cars passing throughout the day.

We have attached a road safety letter from University College London, who are looking for families with a child/young person with SEN to participate in a road safety project. If this is something you or your family are interested in, please get in contact - a copy of the letter is included at the back of this newsletter!

This Week's Reminders:

Parents and carers are invited to attend our in-house talk on Cyber Safety, and how we can work together to keep the young people safe when on social media. The talk will be taking place on Thursday 9th at 4pm, all are welcome!

School will be closed on Monday for the May Bank holiday; we look forward to seeing all students back in school on Tuesday at the normal time.

As mentioned before, please ensure all students bring a nutritious lunch as well as a suitable snack for the early break period.

Produced with the support
of the Department for
Transport

Participate in road safety research!

We are looking for families with a child/young person between 7 and 18 years-old with Special Educational Needs (SEN) to participate in our road safety research project.

We are interested in how young people with SEN travel and learn about road safety.

In this project children/young people will be given cameras and asked to film journeys they make.

We will also interview parents/caregivers about teaching road safety to children/young people with SEN.

The study is being carried out by researchers at University College London and funded by the Department for Transport.

Road safety education is a vital part of promoting children's and young people's safety on the roads and your participation would be greatly appreciated.

If you would be interested in participating or want to know more, then we would love to hear from you!

Please get in touch with:

Sarah from UCL at s.otoole@ucl.ac.uk or 0207 679 1569
