

## Week Gone/Week Ahead Centre Academy London 14<sup>th</sup> June 2019

### Message from Miss Maddison:

The last GCSE exam this year is taking place as I write this, and I would like to congratulate all those who have taken exams this year for their hard work.

Next week there will be fewer room changes which will be a relief to both students and staff!

You will have all received letters this week about our upcoming events - the Art Fair and the Science Fair. These are always popular days in our school calendar when parents can come in and see some of the work that has been produced this year.

The Science Fair is taking place on Friday 21<sup>st</sup> June and the Art Fair will start on Thursday 20<sup>th</sup> June with the exhibition still open for viewing on Friday 21<sup>st</sup> June. More details about these, including the time that individual class groups will present their science projects, are included in the newsletter.

I would like to wish everyone an enjoyable weekend and look forward to an exciting week next week.

Regards

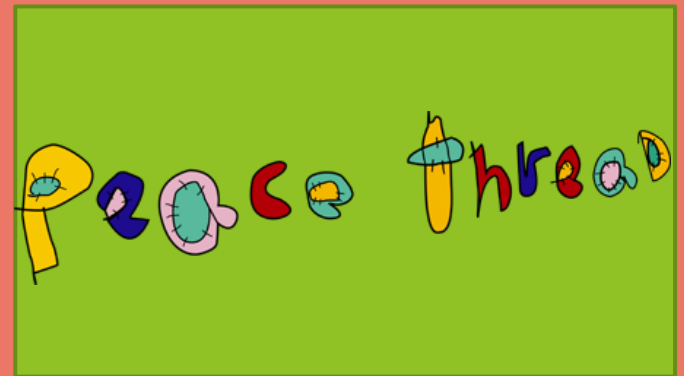

Miss Maddison

### PEACE THREAD - STUDENT PROJECT

Given the unfortunate ongoing unrest around the world, now more than ever, we must learn to focus on togetherness and understanding for all people. The theme of peace and being openminded is central to a Peace project being undertaken by one of our students.

Peace Thread is a way to spread and share Margi's passion for art. The goal of Peace Thread is to inspire others through art, to encourage other children to find their own way and give hope to parents of children like Margi.

Margi has used art to make friends, communicate and find joy in expressing her imagination. More details on this wonderful project can be found at

Our Winning House Group this week is

# *Effra*

well done to everyone for all their hard work this week!

## School Events for the weeks coming

As you all know we are fast approaching the end of the school year, with our last three weeks being very busy with many exciting events taking place. The first of our events are the annual Science and Art Fairs.

The school's **Art Fair** is taking place next Thursday and Friday, the 20<sup>th</sup> and 21<sup>st</sup> of June. All parents and carers are invited for the main display due to take place on Thursday 20<sup>th</sup> between 2.30pm and 4.00pm, where our Art Teacher, Miss Kiss, and several students will be there to show everyone around and discuss the artwork on display. The Art fair can also be visited on Friday 21<sup>st</sup> during the Science fair, but this will be self-guided.

Our **Science Fair** is also taking place next week, Friday 21<sup>st</sup>. This is another wonderful opportunity to see the amazing projects all our students have been putting together. Mr Dorjee, our science Teacher has devised a timetable indicating when the students will be presenting and at what times.

Class	Room	Time slot
Jubilee	Art	8:30 - 9:00
Metropolitan	M5	9:00 - 9:30
District	M1	9:30 - 10:15
Hammersmith	M9	10:35 - 11:25
USF	M10	11:25 - 12:15
HSD	M10	11:25 - 12:15

As always, your support and attendance are very much appreciated!

---

An email invitation was sent to all parents and carers regarding the end of Year Sports and Prize Day, Taking place on Friday 5<sup>th</sup> July. As explained in the letter, the event will be taking offsite at the Battersea Ironside sports ground, in Earlsfield. The day has always been a wonderful opportunity to celebrate the end of the academic year, with all parents, carers, students and staff members coming together to celebrate all the hard work your sons and daughters have put in over the year! As the event is catered, we would kindly ask that all parents and carers please respond with confirmation of attendance, with the number of potential guests and any dietary requirements, including Halal, vegan etc by Friday 21<sup>st</sup> June.
