

Week Gone/Week Ahead - 7th May 2021 Centre Academy London

Dear Parents/Carers, Students and Staff,

This week we are continuing our 'A Day in the Life' series with visitors from the fire service coming in this afternoon to talk to students. We are aiming to have one of these sessions every week this term and next week we will have someone from the Prison Service speaking to students about their job.

Some pictures from Tuileries' library trip last week are shared on the next page and they will be visiting again next week.

I would like to apologise this week that the information about Parent Teacher conference plans has been delayed in reaching you. We will be emailing this to individual parents next week. As I set out last term, we be providing contact details for your child's teachers so that you can arrange conferences (either phone or video meetings) with teachers at a mutually convenient time. I suggest that you arrange a meeting with your child's mentor in the first instance as they can provide an overview of your child's progress across all subjects. You can then follow up with individual subject teachers should you wish.

Finally for this week, a reminder that should students and staff run out of Lateral Flow home testing kits, please contact the office. Shirley will then provide replacement kits.

I hope that you all have a sunny weekend!
Miss Maddison

The winner of the house point competition this week is:

Wandle

Congratulations to them for winning and well done to all students for their hard work over the week.

As this is a short week, Student of the Week certificates for subjects will not be awarded. However, I will be sending out a certificate for a student who has been demonstrating one of Centre Academy's Core Values of Care, Participation and Respect.

This student has been developing his coaching ability by assisting Ms Rivera, our Occupational Therapist. He has been teaching some of the skills he has learnt in his own training and demonstrated a strong understanding of how to break these activities into small step-by-step actions. This well-deserved award also gives him 10 house points.
